The background of the slide features several thin, curved lines in a light gray color, some solid and some dashed, creating a modern, abstract design.

## What is MoraleTrack

- MoraleTrack Is designed to aid employers track their staff's Morale as the weeks go by
- Its purpose is to guarantee that staff's Morale Is steady and helps employers make a well-informed decision on whether or not staff are happy.
- This will help improve workplace culture and productivity

## Why MoraleTrack?

- Morale in the workplace is often overlooked.
- The employers are a vital part of any organization if not the most important.
- Employee Morale describes the overall outlook, attitude, satisfaction, and confidence that employees feel at work.
- When employees are positive about their work environment and believe that they can meet their most important career and vocational needs they are highly productive

## A look at my code

- You will see that I've utilized methods to ensure my code is dry
- I'm saving employees names, scores and messages under Employee class with the instance variables @name, @scores & @messages
- I can download data to a csv in the admin menu
- Arguably my methods file is my most important file, I've placed everything in that file and then I call it all in controller.rb
